

ECONOMIC INTELLIGENCE COMMITTEE

22 December 1965

MEMORANDUM FOR: Executive Secretary
United States Intelligence Board

SUBJECT: Review of EIC Subcommittee Structure

REFERENCE: Minutes of EIC Meeting (EIC-M-111),
9 December 1965

1. The following is for your information.
2. The Economic Intelligence Committee of the USIB is in the process of reviewing its subcommittee structure. This review has the purpose of establishing a more effective organization in terms of the current requirements of the economic intelligence community.
3. The first action by the EIC resulting from the review has been the abolition of five subcommittees (see reference), whose continued existence could not be adequately justified.
4. As the review continues there will probably be additional changes, such as abolition or merger of other subcommittees, new terms of reference for certain subcommittees, and possibly the establishment of new subcommittees.
